Choice Based Credit System (CBCS)

An outline of the course:

Admission to the first year of bachelor's degree (B.A./B.Sc./B.Com.) will be according to the choice based credit system(CBCS). The main feature of the choice based system (CBCS) is to make Undergraduate

courses student centric rather than system centric or teacher centric. In order to achieve this objective, the CBCS strives to create a holistic syllabus. It comprises of the following three courses:

- **Core Course.**
- **Elective Course.**
- **Ability and Skill Enhancement Course.**

Core Course refers to a course, which should compulsorily be studied by a candidate as a core requirement is termed as a Core course. Additionally, to focus on a discipline through core papers in general curriculum, **elective papers** have been introduced that will provide students the freedom to choose the allied/applied/broad areas of their discipline.

Elective Course generally a course which can be chosen from a pool of courses and which may be very specific or specialized or advanced or supportive to the discipline/ subject of study or which provides an extended scope or which enables an exposure to some other discipline/subject/domain or nurtures the candidate's proficiency/skill is called an Elective Course

So, the CBCS provides an opportunity for the students to choose courses from the prescribed courses comprising core, elective and skill based courses. These courses can be evaluated following the grading system. This will benefit the students to move across institutions both within India and across countries. In order to bring uniformity in evaluation system the computation of the Cumulative Grade Point Average (CGPA) is based on student's performance in examination as per the UGC formulated guidelines. However, in keeping with the spirit of CBCS the students will have complete freedom to choose these courses from a pool suggested by the UGC/University.

Advantages of the choice-based credit system:

- Shift in focus from the teacher-centric to student-centric education.
- Student may undertake as many credits as they can cope with (without repeating all courses in a given semester if they fail in one/more courses).
- CBCS allows students to choose inter-disciplinary, intra-disciplinary courses, skill oriented papers (even from other disciplines according to their learning needs, interests and aptitude) and more flexibility for students).

- CBCS makes education broad-based and at par with global standards. One can take credits by combining unique combinations. For example, Physics with Economics, Microbiology with Chemistry or Environment Science etc.
- CBCS offers flexibility for students to study at different times and at different institutions to complete one course (ease mobility of students). Credits earned at one institution can be transferred.

Duration

The UG (CBCS) programme for a regular student shall be for a minimum period of three years and a maximum of five years from the date of admission of the candidate.

- b) Annual Examination accounting for the remaining 70% of the final grade that the student gets in a course.

a) Continuous Comprehensive Assessment:

This would have the following components:

I. Classroom Attendance: Each student will have to attend a minimum of 75% Lectures / Tutorials / Practical's. A student having less than 75% attendance will not be allowed to appear in the annual Examination. - Those having between 74% and 65% attendance will apply for exemption in a prescribed form accompanied by clear reason(s) for absence to the authorized functionaries. - Those having between 64% and 50% attendance will apply for exemption in a prescribed form accompanied by a Medical Certificate from a Government Hospital. - The exemption from 75% attendance will be given to those participating in prescribed co-curricular activities (e.g. NCC, NSS, Youth Festivals, Sports, etc.) to the extent of 25% (making the necessary attendance as 50% in the annual examination cases). However, the claim for this exemption should be supported by authenticated certificate from the concerned college authorities. - Candidates who are getting the exemptions, except for those getting exemptions for co-curricular activities, will not be entitled for getting the CCA marks for classroom attendance as given below:

II. Classroom Attendance Incentive: Those having greater than 75% attendance (for those participating in Co-curricular activities, 25% will be added to per cent attendance) will be awarded CCA marks as follows (out of 5): -

- i) 75% to 79% - 1 mark
- ii) 80% to 84% - 2 marks
- iii) 85% to 89% - 3marks
- iv) 90% to 95% - 4 marks
- v) 95% above - 5 marks

III. Mid-Term examination There will be one house examination, to be conducted when approx. 2/3 of the syllabus has been covered. This examination will be for 15 marks and will be conducted by the college in consultation with the teachers. In laboratory courses (having only practical (P) component), the students will be tested on the basis of laboratory exercises given by the course teacher concerned. Rest of the procedure will remain the same as above. The remaining 10 marks of the CCA will be awarded on the basis of seminar / assignment / term paper etc. that the course teacher might give to the students.

b) ANNUAL EXAMINATION The remaining 70% of the final grade of the student in a course will be on the basis of an annual examination that will be for three hours' duration and will be covering the whole syllabus of the course.

Note: Only those students will be allowed to appear in the annual examination who are successful in the CCA.

* A candidate who does not pass the annual examination in any course(s) or due to some reason is not able to appear in this examination, other conditions being fulfilled, and so is considered as 'Fail'), shall be permitted to appear in such failed course(s) in the subsequent supplementary/annual examination as per the instructions issued by HP University Shimla time to time.

* The registration for the annual examination will be done at the time of the enrolment for the course at the beginning of the session. The fee for the annual examination will also be collected at that time as decided by the university from time to time.
